

BOSSDOG

BOSS CHEDDAR AND BACON FREEZES

INGREDIENTS:

- $\frac{3}{4}$ cup Raw Goat Milk
- 1 cup Bacon and Cheddar ProPuffs

PREPARATION

- Blend Raw Goat's Milk and Propuffs in a food processor or blender until smooth. Allow to sit for 5 minutes to allow Propuffs to absorb the goat's milk.
- Puree mixture again for 1 minute until you have a thick, pourable batter. Add a splash of more goat's milk if mixture is too thick.
- Freeze for 2+ hours and enjoy!

Optional:

Pop a handful of Propuffs in a zip bloc bag and smash with a rolling pin to create a crumble topping for your puppy sundae.
